

Aditya Dattu Ghule

Python Full Stack Developer | Django | React.js | REST APIs | MySQL

Pune, Maharashtra | +91 88570 70460 | ghuleaditya76@gmail.com | LinkedIn | GitHub

Professional Summary

Full-stack developer with hands-on experience building and deploying web applications using **Python, Django, React.js, FastAPI, and MySQL**. Strong foundation in object-oriented programming, relational database design, and the full software development lifecycle (SDLC). Proven ability to deliver secure REST APIs and responsive interfaces, backed by a completed full-stack internship and a published research paper.

Skills

Backend: Python, Django, Django REST Framework, REST APIs, FastAPI

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Web Design

Database: MySQL, SQLAlchemy, Query Optimization

Tools & Version Control: Git, GitHub, VS Code, Postman, Agile/SDLC, Role-Based Access Control (RBAC), API Testing

Professional Experience

Python Full Stack Developer Intern / Trainee

Jan 2026 – Jul 2026

The Kiran Academy

Pune, Maharashtra

- Accomplished **faster, fully integrated feature delivery** across end-to-end web modules, measured by reduced front-end build time and zero broken endpoints at handoff, by engineering reusable Python, Django, and React.js UI components and connecting REST APIs between React.js front ends and Django back ends.
- Accomplished **improved backend efficiency**, measured by reduced API response time and hours of manual work eliminated per week, by optimizing MySQL queries and indexing strategy and developing custom Python automation scripts for data transformation and batch file processing.

Projects

AyurSutra – Panchakarma Management & Therapy Scheduling

Tech Stack: Python | Django | React.js | MySQL

- Engineered a **full-stack healthcare platform** to **automate patient onboarding, record management, and therapy scheduling** using React.js and Django REST APIs.
- Architected secure **REST APIs** with optimized **MySQL** schemas and **role-based access control** for clinic staff and patients, ensuring fast, secure data handling.

Online Examination Portal

Tech Stack: Python | Django | MySQL | HTML5, CSS3, JavaScript

- Built a secure web portal for **automated question management, student evaluation, and instant result generation** using Django and MVT architecture.
- Implemented **responsive dashboards** for students and administrators, with **optimized SQL queries** for fast, concurrent score computation.

Education

Shreeyash College of Engineering

Bachelor of Technology in Computer Science and Engineering (CGPA: 7.15)

Chhatrapati Sambhajinagar, MH

Sep 2023 – Aug 2026

CSMSS College of Polytechnic

Diploma in Computer Science and Engineering (Percentage: 77.89%)

Chhatrapati Sambhajinagar, MH

Sep 2020 – May 2023

Holy Spirit English High School

Secondary School Certificate (SSC) (Percentage: 80.80%)

Bidkin, MH

Mar 2020

Certifications & Publications

Python Full Stack Certification: The Kiran Academy

TCS iON Career Edge: Tata Consultancy Services

Published Research Paper: Developing a Website on E-Farming System
